PROFESSIONAL SUMMARY

With over a decade of experience in both the markets of Dubai and Afghanistan, I have cultivated a diverse skill set in administration, finance, sales, project management, software development, graphic design, and more. With deep understanding of business operations, I thrive to contributing to the success of the business in any fields of administration, finance or technology.

EXPERIENCE

Software Developer Assistant

May 2023 – Dec 2023
Kabul, Afghanistan

Azizi Bank Main Branch

- Ensured a clear understanding of the project requirements and collected the requirement before development.
- Created the project proposal, defined scope, task list and deliverables.
- Employed a feasible SDLC software development model that matched with the software requirement.
- Recorded and reported the development status and progress to supervisors to ensure transparency in development.
- Employed Python Django, PostgreSQL for backend development and ReactJS + SASS for frontend development.
- Transformed the collected requirement into system features through coding.
- Recorded the requirement collection process and maintain a detailed log.
- Prepared the Software Requirement Specification (SRS) document.
- Designed the essential Diagrams including, ERD, DFD and UCD.
- Communicated with stakeholders through interview, meetings and emails.

Finance Manager

Jun 2021 – Nov 2023
Kabul, Afghanistan

West East North South (WENS) Group of Companies

- Managed financial transactions for five companies across different countries using ODOO ERP accounting system while ensuring consistency.
- Ensured financial compliance by verifying bills before entry and coordinated with finance team to properly code the documents for better financial record.
- Managed various asset such as land, property, vehicles and etc. and calculated depreciation.
- Prepared and analyzed financial reports on daily, monthly, quarterly, and annual basis and providing insights.
- Estimated monthly budgets for office expenses and prepared financial plannings.
- Conducted various bank transactions including deposits, withdrawals, and reconciled bank statements.
- Supervised and trained finance assistants and procurement team to implement new financial policies or system features.
- Managed tenancy contracts and rent collection notifications for effective property management.
- Maintained system backups and ensured server reliability.
- Successfully completed diverse tasks assigned by finance manager and CEO.

Part Time Proposal Writer

Organization for Community Rehabilitation and Relief (OCRR)

Aug 2020 – May 2021
Kabul, Afghanistan

- Identified and listed suitable tenders aligned with company expertise.
- Drafted proposal sections to effectively showcase company capabilities and background.
- Assisted procurement team in preparing accurate and competitive quotations for RFQs.
- Ensured technical accuracy and completeness of proposals.

Part Time Project Officer

Hamida Barmaki Organization for the Rule of Law (HBORL)

Jun 2017 – July 2020
Kabul, Afghanistan
Dubai, UAE

- Monitored and supervised project management activities, ensuring quality standards and deadlines were met in the field.
- Organized workshops, meetings, and training sessions and ensured the collaboration among stakeholders, including government officials, civil society organizations, and community leaders.
- Travelled to assigned provinces to identify support opportunities and assess project needs by communicating with local communities.
- Prepared comprehensive reports and project information for donors and project managers.
- Coordinated with project partners to ensure timely organization of project activities.
- Supported the project manager in arranging activities and implementing plans according to the project activity plan.
- Engaged beneficiaries by drafting invitation letters, following up on their status, and ensuring their active participation in training sessions and events.
- Assisted the administrator in maintaining organized documentation of project-related reports through proper filing.

Property Consultant

Capital Empire Real Estate

Feb 2017 – May 2017
Dubai, UAE

- Implemented different marketing strategies such as door-to-door and cold calling to list properties and reach out to potential clients.
- Collaborated with team members to gather information about the real estate market and understand market dynamics.
- Created and posted high-quality advertisements on various online property platforms to reach more clients.
- Coordinated property viewings with landlords and customers, ensuring compliance with Dubai property regulations (RTA) while ensuring a positive client experience.
- Prepared tenancy contracts and managed follow-up procedures with government departments.
- Negotiated with clients and landlords, provided after-purchase services, and collaborated with banks to discuss a suitable mortgage or payment plan.
- Recorded daily activities in the CRM system to establish strong and long-term relationships with clients and property owners.

Sales Executive

Orian Group of Companies – Shamil Motors

Jan 2016 – Jan 2017
Dubai, UAE

- Coordinated with freight companies and managed customs clearance ensuring lower custom costs and timely release of the vehicles.
- Conducted thorough inspections of the vehicle conditions upon arrival and arranging necessary tests and maintenance to evaluate market price of the vehicles.
- Developed marketing plans for vehicle sales using social media, WhatsApp groups, and references to maximize outreach.
- Negotiated with clients on vehicle specifications, prices, and payment terms and providing assistance in post-purchase procedures such as registration, customization, and insurance.
- Established a large and valuable network consisted of car dealers, showrooms, clients, and government officials.
- Developed a record-keeping database to record the sales and purchase transactions and ensuring organized records.
- Prepared reports for partners and stakeholders and maintained proper filing systems, ensuring transparency and accessibility of critical information.
- Demonstrated consistent and rigorous sales performance by successfully selling every assigned car for the dealership.

Administrative Assistant

Jan 2014 – Jan 2016
Ajman, UAE

Orian Group of Companies – Grand Orian Consultancy

- Managed all the daily clerical tasks including printing, copying, filing, scheduling and ensuring operational efficiency.
- Acted as the primary liaison between clients and the general manager by managing calls and client inquiries.
- Assisted the CEO and general manager by fulfilling both personal and professional requests.
- Provided support to visitors and ensured a seamless transition from their hometown to Dubai in case of need.
- Planned and organized meetings, recorded detailed minutes, and ensured accurate documentation.
- Managed client requests related to government matters such as visas, medical tests, housing, school, and translation services.
- Prepared financial statements including balance sheets, profit and loss, and trial balance and maintained transparency.
- Implemented various marketing strategies to generate leads.
- Fostered strong relationships with government officials, banks, and customers.
- Performed a variety of administrative duties including property safeguarding, license and contract updates, expenditure management, and personal assistance.

Graphic Designer
